Learner Outcomes:

- Describe a hierarchy of simple to complex motor speech skills.
- Utilize this hierarchy to evaluate children who have severe speech disorders.
- Implement a specific treatment approach using phonological simplifications for children with apraxia of speech.
- List apraxia treatment techniques to include shaping word approximations.
- Be able to analyze video to establish goals per this approach.
- Understand and analyze a norm-referenced, standardized test which relates directly to this approach in order to identify this unique population of children.
Since 1979, Nancy R. Kaufman, MA, CCC-SLP, has dedicated herself to establishing a treatment approach to help children become effective vocal communicators. She is the author of the Kaufman Speech to Language Protocol (K-SLP) kits and materials. Nancy is known worldwide for her expertise in the area of childhood apraxia of speech and other speech sound disorders, lecturing and treating families from around the globe. She also serves on the professional advisory board of the Childhood Apraxia Speech Association of North America (CASANA). Nancy is the recipient of the 2011 Distinguished Service Award from the Michigan Speech Language Hearing Association (MSHA) and was honored with distinguished alumni awards from both her undergrad and graduate alma maters – Michigan State University and Wayne State University.

8:00–8:25 Check in/registration/breakfast
8:25–8:30 General seminar information
8:30-9:00 Identification of verbal apraxia vs. dysarthria vs. phonological impairments
9:00-9:30 Kaufman Speech To Language Protocol (K-SLP): Assessing consonant/vowel integrity and error patterns
9:30–10:00 Teaching successive verbal approximations toward target vocabulary
10:00-10:15 Break
10:15-11:45 Teaching successive verbal approximations (continued)
11:45-12:45 Lunch
12:45–2:15 Techniques to move individuals into expressive language
2:15-2:30 Break
2:30-3:45 Cueing techniques and refinement and integration skills
3:45-4:00 Final questions
4:00 Adjourn

*All handouts will be sent via email and access using an electronic device or printed prior to the conference
*Refunds will not be granted due to inclement weather. Refunds may include a 20% processing fee and will not be given after March 11th, 2016. Registration confirmations will be provided via email.

Registration
Registration Deadline: Postmark by February 19th, 2016
Name:__________________________________________
Address:________________________________________
City:___________________________________________
State:_________ ZIP:______________________________
Phone:_________________________________________
