NORTHEASTERN OK COCHLEAR IMPLANT SUPPORT GROUP

We provide a venue to learn, practice listening, and connect with other individuals who use cochlear implants (CI). Everyone is welcome including individuals with cochlear implants and anyone considering a cochlear implant. Parents, spouses, family members, friends, and students are also encouraged to attend.

UPCOMING MEETINGS IN 2017

JUL: MEETING CANCELED
AUG 24: Dr. Spencer Voth, otologist and cochlear implant surgeon, will share the stories of his toughest cases in the last several years.
SEP 28: Ana Covey from Assist2Hear will speak about the Hearing Loop Initiative to improve speech understanding and enjoyment of sound in public venues. Come with your t-coil program ready to go!
OCT 26: Maliha Baggia will be back to give us an update on Cochlear Americas technology and products and talk about different types of CI advocacy.
NOV 16: Holiday potluck – bring a dish to share if you are able, but more importantly come share your story and hear from others!
DEC: NO MEETING
